

# FRCR PART 1

# North-West ANATOMY COURSE

Saturday 10 August 2024

\*\*\*\*\*ONLINE\*\*\*\*\*

This unique, very successful course aims to create a realistic exam scenario environment, covering all essential core areas of the syllabus to improve your knowledge and examination technique. You will have the opportunity to see hundreds of examples of typical anatomy and common variants that you are expected to have mastered by the time you attempt the Part 1 FRCR exam.

## Highlights of the Course:

- A huge variety of anatomy questions will be covered over the two days.
- System based mocks (SBMs) with feedback from expert radiology consultants.
- SBMs topics include - GI, GU/Gynae, Paediatric, Chest/Cardiac, MSK, Neuro/H&N, Vascular/Intervention.
- There will be a mock exam to simulate difficulty level of the actual exam followed by feedback.

## Previous year feedback:

- "An excellent course. Good range of subspecialties. Lots of practice SBAs. Good speakers, all clearly very motivated and interested."
- "A lot of questions, was great revision, improved my confidence and cleared a lot of areas of confusion"
- "Lots of images covered and time given for feedback and questions"
- "I liked the mock exams - they put you to the test"

88% would recommend the course to others

## REGISTRATION - £150
